

Welcome to your Resource Centre

Here you will find:

- Everything you need to set up eMR
- Training materials, user guides and videos, to help you process SARs and AMRAs (Insurance reports)
- Useful information you can print off and give to your patients or send to third parties explaining how your surgery operates under the new GDPR regulations & ICO guidelines
- Copies of all legal documents such as; T&Cs, End user licence and data policy.

We will continue to add useful information here based on your feed back- so please do tell us what you need. We hope you enjoy using eMR.
